POLICY

CLEANING & REPAIR

THE SAFETY OF OUR CUSTOMERS AND EMPLOYEES IS PARAMOUNT.

Please become familiar with our Cleaning & Repair Policy for the protection of our staff.

- All fire fighter bunker suits that arrive at Sani Gear must be washed by Sani Gear in order to ensure all bunker suits have been properly decontaminated, sanitized, and washed.
- Sani Gear follows the NFPA 1851 - 2020 standards to clean, test, and repair bunker suits.
- Customers shall fill out the Sani Gear Shipment Form to send with bunker suits.
- Biologically contaminated items should be clearly marked and placed in a separate air tight bag by the customer for special handling by Sani Gear.
- Items sent for Decontamination cleaning shall be placed in a plastic bag and clearly tagged on the outside indicating the contaminant(s) the item(s) was exposed to.
- Sani Gear assumes that New or Like New garments sent to Sani Gear without new garment manufacturer tags or documentation (e.g. FEMSA book) attached have been worn and will be automatically cleaned.

If you have any questions, please call Sani Gear at 888-660-1840.

Thank you for your consideration

Effective January 1, 2019.
